Foreword

he IRS Data Book for Fiscal Year 2004 is the second report under Commissioner Mark W. Everson whose working equation for the Internal Revenue Service is "Service Plus Enforcement Equals Compliance." Toward this end, the IRS saw increased emphasis on both enforcement and service activities. For example, the number of audits of high-income taxpayers--those earning \$100,000 or more--topped 195,000, a 40-percent increase from 2003. Total audits of all individual taxpayers topped 1 million, a 19-percent increase from 2003. In addition, one in six corporations with assets of \$10 million or more was audited in Fiscal Year 2004. The successful implementation of electronic filing also continued. E-filed individual returns rose to 61.5 million, a 16-percent increase from 2003.

Lists of principal officers and the IRS organization chart presented at the back of this report reflect the organization under Commissioner Everson

^[1] Includes principal and interest paid on refunds. Represents earned income tax credits, overpayment refunds, refunds resulting from examination activity, and other refunds required by law. See Table 9, footnote 1

^[2] Gross collections exclude excise taxes paid to the Customs Service and the Alcohol and Tobacco Tax and Trade Bureau. Refunds of such taxes, however, are recorded by the Internal Revenue Service and are, therefore, included

^[4] Collections also include Presidential Election Campaign Fund contributions of \$55.2 million in Fiscal Year 2003 and \$55.9 million in Fiscal Year 2004.

^[5] Collections of individual income tax are not reported by payers separately from old-age, survivors, disability, and hospital insurance (OASDHI) taxes on salaries and wages (under the Federal Insurance Contributions Act or FICA, and on self-employment income under the Self-Employment Insurance Contributions Act or SECA). The OASDHI tax collections and refunds shown in Table 1 are based on estimates made by the Secretary of the Treasury pursuant to the provisions of Section 201(a) of the Social Security Act as amended and include all OASDHI taxes. Amounts shown for the two categories of individual income tax were derived by subtracting the OASDHI tax estimates from the combined total collections for the two taxes (refund estimates were not made for these two categories).

Table 4 -- Number of Returns Filed Electronically, by Type of Return and State, Fiscal Year 2004--Continued

Footnotes

- n.a. Detailed breakout not available for International areas shown in columns 1, 7, 9 and 10.
- ** Not shown to avoid disclosure of information about specific taxpayers. However, the data are included in the appropriate totals.
- [1] The United States total (67,615,844) includes 465 tax-exempt organization returns (Forms 990 and 990-EZ) and 273 additional filing extensions for tax-exempt organizations (Forms 8868). These returns are not, however, included in the totals for each return type or in the State totals. Excludes all returns that do not have an electronic filing option. Also excludes "Information Returns," i.e., Forms 1098, 1099, 5498, W-2, W2G, and Schedule K-1, and "Employee Plans," i.e., Form 5500 series returns now processed by the Department of Labor.
- [2] Includes individual income tax returns that have been accepted by IRS in lieu of a paper return. An accepted e-file return is an electronically-filed return that meets all the IRS standards for e-file. Individual income tax e-file returns include Forms 1040, 1040A, and 1040EZ.
- [3] TeleFile allows the taxpayer to file using a touch-tone telephone. TeleFile can be used for Forms 1040EZ.
- [4] Online is an IRS e-file option that allows taxpayers to prepare and file tax return(s) using a personal computer. Online returns can be filed through one of two processes. The first is where users go to a Web site and fill out the return on that Web site without ever having downloaded any software. The second is where users purchase a software package, either from a store or over the Internet, load it to their own machines, prepare their returns, and transmit them to the IRS through an online filing company.
- [5] Includes cases where a taxpayer transmits the return via an authorized e-file provider, who, in most cases, is also the preparer of the return.
- [6] Includes Form1120S (S corporation income tax return).
- [7] Includes Form 1120 (corporation income tax return) and Form 1120-POL (certain political associations). Corporation income tax returns became eligible for electronic filing in February 2004.
- [8] Includes Form 940 (employer's Federal unemployment tax return), Form 940-EZ ("short form"), and Form 941 (employer return for income and Social Security taxes withheld for other than household and agricultural employees). The types of electronic options include e-file, XML, TeleFile, and online filing. Magnetic tape submissions are not included.
- [9] For individual income tax, includes returns filed from Army Post Office or Fleet Post Office addresses by members of the armed forces stationed abroad; returns filed by residents of Puerto Rico with either income from sources outside Puerto Rico or with income earned as U.S. Government employees; and returns filed by other U.S. citizens or residents abroad. For corporations and a small number of publicly-traded partnerships, includes returns of domestic and foreign businesses whose principal office was outside the United States. For employment taxes, includes returns with foreign addresses, including Puerto Rico and U.S. possessions.
- [10] Includes unspecified foreign countries or territories.

NOTES: In general, classification by State is based on the taxpayer's address (or in the case of individuals owning businesses, the location of the principal office or place of business). However, some taxpayers may use the address of a tax attorney or accountant, or, in the case of certain individuals who were sole proprietors partners in a partnership, or shareholders in an S corporation, the business address. Such addresses could have been located in a State other than the State in which the taxpayer resided. See also footnote 9, above.

Table 6 -- Internal Revenue Gross Collections, by State, Fiscal Year 2004--Continued

Footnotes

- [1] Classification by State is usually based on taxpayer's address (or in the case of businesses, the location of the principal office or place of business). However, some individuals may use the address of a tax attorney or accountant, or, in the case of certain individuals who were sole proprietors, partners in a partnership, or share-holders in an S corporation, the business address. Such addresses could have been located in a State other than the State in which the individual resided. Similarly, taxes withheld reported by employers located near a State boundary might include substantial amounts withheld from salaries of employees who reside in a neighborin State(s). Also, while taxes of corporations may be paid from the principal office, the operations of these corporations may be located in one or more other State(s). Tax collections shown for various States, therefore, do not indicate the Federal tax burden of each, since, in many instances, taxes are collected in one State from residents of, or operations in, another. See footnotes 6 and 7.
- [2] Excludes excise taxes collected by the Customs Service and the Alcohol and Tobacco Tax and Trade Bureau.
- [3] Includes \$347.1 million in "unrelated business income" from tax-exempt organizations (Forms 990-T).
- [4] Collections of individual income tax (withheld and not withheld) include old-age, survivors, disability, and hospital insurance (OASDHI) taxes on salaries and wages under the Federal Insurance Contributions Act or FICA, and on self-employment income under the Self-Employment Insurance Contributions Act or SECA. See Table 1, footnote 5. Also, collections of individual income tax include Presidential Election Campaign Fund contributions of \$55.9 million. See footnote 7.
- [5] Includes estimated tax, shown separately in other tables. Also, includes estate and trust income tax collections of \$10.7 billion.
- [6] For corporations, includes returns of domestic and foreign businesses whose principal office was outside the United States; also includes returns of domestic corporations claiming a U.S. possessions tax credit, regardless of the location of the principal office. For individual income tax, includes returns filled from Army Post Office or Fleet Post Office addresses by members of the armed forces stationed abroad; returns filled by residents of Puerto Rico with either income from sources outside Puerto Rico or with income earned as U.S. Government employees; and returns filled by other U.S. citizens or residents abroad. For employment taxes, includes returns with foreign addresses, including Puerto Rico and U.S. possessions. For estate tax, includes returns for U.S. citizens or resident decedents who were domiciled abroad at time of death and returns of nonresident alien decedents. For gift tax, includes returns filled by donors with overseas addresses, including returns filled from Puerto Rico or U.S. possessions and from Army Post Office addresses by members of the armed forces stationed abroad. For excise taxes, includes returns filled by taxpayers with foreign addresses, including returns filled from Puerto Rico and U.S. possessions and from Army Post Office or Fleet Post Office addresses.
- [7] Includes tax payments made to banks under the Federal Tax Deposit (FTD) system that had not been classified by State as of the end of the fiscal year because they had not yet been applied to taxpayer accounts. Also includes credits allowable on income tax returns for certain gasoline, diesel fuel, and special motor fuel tax payments and for excess payments under the Federal Insurance Contributions Act (FICA). In addition, includes that portion of the tax designated by individual income taxpayers for the Presidential Election Campaign Fund. Transfer of amounts to this fund was made on a national basis only.

NOTES: Amounts include adjustments to prior years made in Fiscal Year 2004. This could produce negative amounts of collections shown in the table.

Collection and refund data (shown in Table 9) by State may not be comparable. Collections relate to FY 2004 for the most part. However, in a given fiscal year, refunds relating to prior fiscal years may be issued and subsequently recorded, and, therefore, the total refund amount may exceed the collection amount.

Detail may not add to totals because of rounding.

NOTE: In general, classification by State is based on the taxpayer's address (or in the case of businesses, the location of the principal office or place of business). However, some individuals may use the address of a tax attorney or accountant, or, in the case of certain individuals who were sole proprietors, partners in a partnership, or shareholders in an S corporation, the business address. Such addresses could have been located in a State other than the State in which the individual resided. Additionally, businesses may have locations outside of the State in which the principal offices are located. See footnote 7.

Table 9 -- Amount of Internal Revenue Refunds Issued, Including Interest, by State, Fiscal Year 2004--Continued

Footnotes

N/A - Not applicable

- [1] Includes \$5.1 billion in interest, of which \$4.6 billion were paid to corporations, \$0.4 billion to individuals, and \$0.1 billion to all others (related to employment, estate, gift, and excise tax returns). Also includes overpayment refunds, refunds resulting from examination activity, and other refunds required by law.
- [2] Total includes excise tax refunds by the Customs Service and the Alcohol and Tobacco Tax and Trade Bureau, shown as a separate subtotal under "Refund adjustments and credits."
- [3] State figures and the U.S. total include \$33.1 billion in earned income tax credit refunds. Earned income tax credit refunds are also shown separately below. Includes refunds paid on estate and trust income tax returns totaling \$1.6 billion (including interest paid of \$20.0 million). (Direct deposit refund figures were not available at the time of publication but are included in the totals.) The average individual income tax refund (based on Forms 1040, 1040A, and 1040EZ), excluding earned income tax credits. was \$2.117.
- [4] Includes refunds of tax on business income of tax-exempt organizations.
- [5] Includes refunds of income tax withheld and refunds of and credits for old-age, survivors, disability, and hospital insurance (OASDHI) taxes on salaries and wages under the Federal Insurance Contributions Act (FICA), except for excess credits, and on self-employment income under the Self-Employment Insurance Contributions Act (SECA), as well as for railroad retirement taxes under the Railroad Retirement Tax Act (RRTA) and unemployment taxes under the Federal Unemployment Tax Act (FUTA).
- [6] Data by State include credits and claims for gasoline and lubricating oil, except that excess credits and claims are included below under "Highway and Airport and Airways Trust Funds" in the "Refund adjustments and credits" section. See footnote 11.
- [7] Less than \$500.
- [8] Amount reflects adjustments to returns filed in a prior year. See Table 8.
- [9] For corporations, includes returns of domestic and foreign businesses whose principal office was outside the United States; also includes returns of domestic corporations claiming a U.S. possessions tax credit, regardless of the location of the principal office. For individual income tax, includes returns filed from Army Post Office or Fleet Post Office addresses by members of the armed forces stationed abroad; returns filed by residents of Puerto Rico with either income from sources outside Puerto Rico or with income earned as U.S. Government employees; and returns filed by other U.S. citizens or residents abroad. For employment taxes, includes returns with foreign addresses, including Puerto Rico and U.S. possessions. For estate tax, includes returns for U.S. citizens or resident decedents who were domiciled abroad at time of death and returns of nonresident alien decedents. For gift tax, includes returns filed by donors with overseas addresses, including returns filed from Puerto Rico or U.S. possessions and from Army Post Office or Fleet Post Office addresses by members of the armed forces stationed abroad. For excise taxes, includes returns filed by taxpayers with foreign addresses, including returns filed from Puerto Rico and U.S. possessions and from Army Post Office or Fleet Post Office addresses.
- [10] Refund adjustments and credits are not shown by State but are included in the U.S. total. Adjustments to prior years made in Fiscal Year 2004 may result in negative amounts when such adjustments exceed refunds made in the current year.
- [11] Includes refunds of individual or corporation income taxes reclassified as excise taxes for inclusion in the Highway and Airport and Airways Trust Funds. In addition, includes credits and claims for excess payments on gasoline and lubricating oil excise taxes.
- [12] Includes refunds issued in September 2004, minus refund reversals received in September that were not classified before September 30, 2004 (the end of the fiscal year). For accounting and comparative purposes, data included in this table must agree with the actual transactions affecting the refund and interest appropriation accounts for the fiscal year.

NOTES: In general, classification by State is based on the taxpayer's address (or in the case of businesses, the location of the principal office or place of business). However, some individuals may use the address of a tax attorney or accountant, or, in the case of certain individuals who were sole proprietors, partners in a partnership, or shareholders in an S corporation, the business address. Such addresses could have been located in a State other than the State in which the individual resided. Additionally, businesses may have locations outside of the State in which the principal offices are located. See footnote 9.

Collection and refund data by State may not be comparable. Collections relate to FY 2004 for the most part. However, for a given fiscal year, refunds relating to prior fiscal years may be issued and subsequently recorded, and, therefore, the total refund amount may exceed the collection amount. See Table 6 for collections data.

Detail may not add to totals because of rounding.

Table 10 -- Examination Coverage: Recommended and Average Recommended Additional Tax After Examination, by Type and Size of Return, Fiscal Year 2004--Continued

Footnotes

N/A - Not applicable.

- [X] Less than 3.
- [1] In general, examination activity may be associated with returns filed in the previous calendar year. However, this relationship is only approximate. Therefore, for some categories, there are either no returns or a smaller number of returns filed in Calendar Year 2003, compared to the number with examination activity in Fiscal Year 2004 (as indicated by data in other columns). Data for other taxable and nontaxable returns are not shown in columns 1 and 3 because these filings cannot be quantified.
- [2] Excludes excise tax returns filed with the Customs Service and the Alcohol and Tobacco Tax and Trade Bureau, and returns of tax-exempt/Government entity organizations and employee plans.
- [3] CIC (Coordinated Industry Case), formerly known as CEP (Coordinated Examination Program), covers "a taxpayer, and its effectively controlled entities, that warrants application of 'team examination' procedures." Tax auditors are Compliance personnel who are required to have 9 semester hours of accounting and who perform examinations on selected individual, employment, and excise returns. Tax Compliance Officers (TCO) are Compliance personnel who are required to have 6 to 12 semester hours of accounting and who perform examinations on selected individual and business taxpayers involving complex tax issues. Tax examiners for field operations and Compliance Centers perform examinations by way of correspondence.
- [4] Revenue officer examiners are employees who have been trained to do certain employment tax returns. Data are collected for these individuals and shown separately from other employment returns.
- [5] Not computed.
- [6] Comprises returns shown as individual income tax, corporation income tax, estate and trust income tax, estate tax, gift tax, partnership, S corporation, and "other nontaxable returns." Excludes returns shown as employment, excise, and "other taxable returns."
- [7] Includes 487,461 returns examined with an earned income tax credit claim.
- [8] Amount includes \$1,134,557 from examinations of returns claiming the earned income tax credit.
- [9] Form 1040A is one of the two IRS individual income tax return "short forms."
- [10] TPI (total positive income) is, in general, the sum of all positive amounts shown for the various sources of income reported on the individual income tax return and, thus, excludes net losses.
- [11] Schedule C returns are filed by nonfarm sole proprietors. Schedule F returns are filed by farm sole proprietors. TGR (total gross receipts) is the sum of gross receipts from farm and nonfarm businesses. It is calculated by adding the positive values of gross receipts and other income from Schedule C to the cost of purchased items and gross income (can be positive or negative) from Schedule F.
- [12] Includes Forms 1120 ("long form"); 1120-A ("short form"); Form 1120-F (foreign corporations, except foreign life insurance companies); 1120-H (homeowner associations); Form 1120-L (life insurance companies); Form 1120-PC (property and casualty insurance companies); 1120-POL (certain political associations); 1120-REIT (real estate investment trusts); 1120-RIC (regulated investment companies); and 1120-SF (settlement funds). However, total excludes certain other types of corporations, which are included in "other taxable returns" described in footnote 16.
- [13] Forms 1120-F are returns filed by foreign corporations with U.S. income, other than foreign life insurance companies and foreign sales corporations.
- [14] Includes returns with assets of less than \$10 million examined by either the Small Business/Self-Employed Operating Division or the Large and Mid-Size Business Operating Division.
- [15] Includes returns with assets of more than \$10 million examined by either the Small Business/Self-Employed Operating Division or the Large and Mid-Size Business Operating Division.
- [16] Includes Forms 1120S for S corporations reporting a tax (see footnote 18); 1120-FSC (foreign sales corporations); 8288 (withholding tax returns for disposition by foreign persons of U.S. property interests); 990-C (farmers' cooperative association income tax); and 8804 (annual return for partnership withholding).
- [17] Includes Form 1120-DISC (domestic international sales corporations); Form 1120-IC-DISC (interest-charge domestic international sales corporations); Form 1066 (real estate mortgage investment conduits); and certain other returns filed by "flow through" entities, such as partnerships (Form 1065), S corporations (Form 1120S), except as noted in footnote 18, and certain others, that have tax consequences applicable to the partners, shareholders, or other owners, as well as certain other nontaxable returns.
- [18] Includes most Forms 1120S, which are returns filed by qualifying corporations electing to be taxed through shareholders. Under certain conditions, some of these corporations are subject to tax and are included in "other taxable returns" in this table. Otherwise, they are included as "nontaxable returns."

NOTE: Detail may not add to totals because of rounding.

N/A - Not applicable.

[[]X] Less than 3.

^[1] Comprises all returns except those of tax-exempt/Government entity organizations, employee plans, and others mentioned in Table 10, footnote 17. Also excludes excise tax returns mentioned in footnote 4.

^[2] CIC (Coordinated Industry Case), formerly known as CEP (Coordinated Examination Program), covers "a taxpayer, and its effectively controlled entities, that warrants application of 'team examination' procedures." Tax auditors are Compliance personnel who are required to have 9 semester hours of accounting and who perform examinations on selected individual, employment, and excise returns. Tax Compliance Officers (TCO) are Compliance personnel who are required to have 6 to 12 semester hours of accounting and who perform examinations on selected individual and business taxpayers involving complex tax issues. Tax examiners for field operations and Compliance Centers perform examinations by way of correspondence.

^[3] Revenue officer examiners are employees who have been trained to do certain employment tax returns. Data are collected for these individuals and shown separately from other employment returns.

Footnotes--Continued

- [4] Excludes excise tax returns filed with the Customs Service and the Alcohol and Tobacco Tax and Trade Bureau.
- [5] Comprises returns shown as individual income tax, corporation income tax, estate and trust income tax, estate tax, and gift tax. Excludes returns shown as employment, excise, and other taxable returns.
- [6] Form 1040A is one of the two IRS individual income tax return "short forms."
- [7] TPI (total positive income) is, in general, the sum of all positive amounts shown for the various sources of income reported on the individual income tax return and, thus, excludes net losses.
- [8] Schedule C returns are filed by nonfarm sole proprietors. Schedule F returns are filed by farm sole proprietors. TGR (total gross receipts) is the sum of gross receipts from farm and nonfarm businesses. It is calculated by adding the positive values of gross receipts and other income from Schedule C to the cost of purchased items and gross income (can be positive or negative) from Schedule F.
- [9] Includes Forms 1120 ("long form"); 1120-A ("short form"); Form 1120-F (foreign corporations, except foreign life insurance companies); 1120-H (homeowner associations); Form 1120-L (life insurance companies); Form 1120-PC (property and casualty insurance companies); 1120-POL (certain political associations); 1120-REIT (real estate investment trusts); 1120-RIC (regulated investment companies); and 1120-SF (settlement funds). However, total excludes certain other types of corporations, which are included in "other taxable returns" described in footnote 13.
- [10] Forms 1120-F are returns filed by foreign corporations with U.S. income, other than foreign life insurance companies and foreign sales corporations.
- [11] Includes returns with assets of less than \$10 million examined by either the Small Business/Self-Employed Operating Division or the Large and Mid-Size Business Operating Division.
- [12] Includes returns with assets of more than \$10 million examined by either the Small Business/Self-Employed Operating Division or the Large and Mid-Size Business Operating Division.
- [13] Includes Forms 1120S, which are returns filed by qualifying corporations electing to be taxed through shareholders. Under certain conditions, some of these corporations are subject to tax. Also includes Forms1120-FSC (foreign sales corporations); 8288 (withholding tax returns for disposition by foreign persons of U.S. property interests); 990-C (farmers' cooperative association income tax); and 8804 (annual return for partnership withholding).
- [14] Less than \$500.

- [1] Tax-exempt organization returns include Forms 990, 990-EZ, 990-PF, 5227, 1120-POL, and 1041A filed by exempt organizations. Prior to Fiscal Year 2003, this count also included Form 990-C farmers's cooperatives, but responsibility for these entities has been transferred to the Large and Mid-Size Business Operating Division. See Table 10 for data on this form.
- [2] Employee plan returns consist of Form 5500 series returns filed by employee retirement plans, excluding welfare benefit plans and fringe benefit plans, which are not subject to examination by IRS.
- [3] In general, examination activity for a fiscal year may be associated with returns filed in the previous calendar year. However, this relationship is only approximate.
- [4] For the types of specific returns examined, see Table 15 and the footnotes to that table.
- [5] CEP (Coordinated Examination Program) covers "a taxpayer, and its effectively controlled entities, that warrants application of 'team examination' procedures."

- [1] Includes tax-exempt organization returns (Forms 990 and the 990-EZ "short" form), other than private foundations or farmers' cooperatives.
- [2] Includes private foundations (Form 990-PF); split-interest trusts (Form 5227); trust accumulations of certain charitable amounts (Form 1041-A filed by a tax-exempt organization); and corporation income tax returns (Form 1120) of revoked private foundations.
- [3] Form 1120-POL is filed by certain political organizations. This form is considered to be a tax-exempt organization return because the IRS Tax Exempt and Government Entities area has examination responsibility for the form. However, Form 1120-POL is included in Corporation filing data shown in Tables 2 and 3.
- [4] Since related taxable returns are examined in connection with an examination of returns of tax-exempt organizations or employee plans, data for them are included here but not in Tables 10-13.

^[1] Includes previously unpaid taxes on returns filed plus penalties and interest.

^[2] Includes payments on installment agreements.

^[3] A taxpayer delinquent account is an unpaid balance of assessment plus accruals, where a taxpayer has not paid the balance due in full on a return or an additional assessment. Includes deferred accounts and non-Master File accounts (which include, for example, innocent spouse and transferee assessments).

^[4] Includes "assessed" penalties and interest but excludes any "accrued" penalties and interest. Assessed penalties and interest are those that are usually assessed at the same time as the unpaid balance of tax. They are computed on the unpaid balance of tax from the due date of the return to the date of assessment. Accrued penalties and interest are the portion of the total penalties and interest that is not part of the original assessed amounts. They are the difference between the total penalties and interest less the assessed penalties and interest.

^[5] Net assessment of tax, penalty, and interest amounts less prepaid credits (withholding and estimated tax payments) of delinquent tax returns secured by Collection activity.

^[6] Investigation actions opened subsequent to nonresponse to notice activity for tax returns that have not been filed timely.

^[7] An offer in compromise is an agreement, binding both the taxpayer and the Service, which resolves the taxpayer's tax liability where it has been determined that there is doubt as to the taxpayer's liability, doubt as to the Service's ability to collect the balance due, taxpayer does not have the financial ability to full pay the liability within the collection statute expiration date plus 5 years, or there is a serious economic hardship or other exceptional circumstance which warrants acceptance of less than full payment of the taxes owed.

^[1] A case represents a taxpayer with the same type of tax for one or more tax periods. For example, an individual with income tax returns for Tax Years 2000, 2001, and 2002 is considered one case; but a corporation with both an income tax return and an employment tax return is considered two separate cases. All Appeals cases are classified into one of eight categories based on similarities of case type and case characteristics.

SOURCE: Appeals, Strategic Planning, Measures Analysis AP: SP:SPMA

^[2] Cases pending include only cases in Appeals jurisdiction.

^[3] Cases received in FY 2004 and transferred, reassigned or returned to the Operating Divisions as premature referrals during that fiscal year are excluded.

^[4] Cases pending on October 1, 2004 (column 4) do not equal cases pending on October 1, 2003 (column 1) plus cases received (column 2) minus cases closed (column 3) due to cases transferred to Chief Counsel's jurisdiction for trial and cases returned to the Operating Divisions as premature referrals.

^[5] Nondocketed cases are those in which the taxpayer has not filed a petition in the United States Tax Court.

^[6] The "Other" category includes Trust Fund Recovery Penalty, Collection Appeals Program, Director of Practice, Freedom of Information Act, and Abatement of Interest cases.

^[7] Docketed cases are those in which the taxpayer has filed a petition in the United States Tax Court.

- [1] IRS Criminal Investigation's primary resource commitment (i.e., time expended) is to develop and investigate Legal Source tax investigations. These investigations involve legal industries and legal occupations and, more specifically, legally earned income, in which the primary motive or purpose is the violation of the following tax statutes: Title 26 (tax violations) and Title 18 (tax-related violations) of the U.S. Code. The Legal Source Tax Crimes Program also includes those cases that threaten the tax system, such as Questionable Refund Program (QRP) cases, unscrupulous return preparers, and frivolous filers/nonfilers who challenge the legality of the filing requirements. Excise tax and employment tax cases are also important elements of the Legal Source Tax Crimes Program. The prosecution of Legal Source Tax Crimes cases is key to promoting voluntary compliance with the tax laws.
- [2] IRS Criminal Investigation commits resources to those investigations that involve proceeds derived from illegal sources other than narcotics. The Illegal Source Financial Crimes Program encompasses all tax and tax-related violations, as well as money-laundering and currency violations under the follwing tax statutes: Title 26 (tax violations); Title 18 (tax-related and money- laundering violations); and Title 31 (currency violations) of the U.S. Code. Also linked to the investigation of criminal charges within this program is the emphasis on effective utilization of the forteiture statutes to deprive individuals and organizations of illegally obtained assets. The IRS recognizes that illegal source proceeds, which are part of the untaxed "underground economy," are a threat to the voluntary tax compliance system.
- [3] Under the Narcotics Related Financial Crimes Program, IRS Criminal Investigation seeks to identify, investigate, and assist in the prosecution of the most significant narcotics-related tax and money-laundering offenders. IRS derives this authority from the statutes for which it has jurusdiction: Title 26 (tax violations); Title 18 (tax-related and money-laundering violations); and Title 31 (currency violations) of the U.S. Code. Therefore, IRS is committed to supporting the goals and objectives of the National Drug Control Strategy in conjunction with other law enforcement agencies. The IRS's primary objective in the Narcotics Related Financial Crimes Program is to reduce the profit and financial gains of narcotics-trafficking and money-laundering organizations that comprise a significant portion of the untaxed "underground economy." IRS Criminal Investigation devotes resources to high-level multiagency narcotics investigations warranting Organized Crime Drug Enforcement Task Force (OCDETF) designation in accordance with OCDETF Program reimbursable funding.
- [4] Since actions on a specific investigation may cross fiscal years, the data shown in cases initiated may not always represent the same universe of cases shown in other actions within the same fiscal year.
- [5] Both "information" and "indictments" are accusations. "Information" means an accusation made by law enforcement without the intervention of a grand jury, whereas an "indictment" is an accusation made by a prosecutor and issued by a grand jury.
- [6] Incarcerated may include prison time, home confinement, electronic monitoring, or a combination thereof.

^[2] Not all Internal Revenue Code Section 501(c)(3) organizations are required to apply for recognition of tax-exemption, including churches, integrated auxiliaries, subordinate units, and conventions or associations of churches.

^[3] Includes private foundations.

^[4] Includes a small number of applications for determination from Section 501(e) cooperative hospital service organizations; Section 501(f) cooperative service organizations of operating educational organizations; Section 501(k) child care organizations; and Section 501(n) charitable risk pools. These organizations file the same determination application as Section 501(c)(3) and are indistinguishable from those organizations until they are processed to the Exempt Organization Business Master File. (See also Table 22.)

^[5] Because of its specialized expertise, Exempt Organizations processes applications for exemption from Section 521 farmers' cooperatives, even though these entities are customers of the Large and Mid-Size Business Operating Division. See Tables 10-13.

^[6] These organizations are taxable entities for which the IRS Exempt Organizations function has program responsibility.

- [1] Includes contacts at 408 sites where taxpayers are served at IRS Taxpayer Assistance Centers, alternative IRS sites (libraries and post offices), and mobile units (kiosks and Taxpayer Assistance Centers On Wheels). Excludes Voluntary Income Tax Assistance (VITA) and Tax Counseling for the Elderly (TCE) sites.
- [2] The accuracy of this number, which is based on IRS records, is limited. Web software sometimes separates one file into several packets and counts these packets as individual files, resulting in the overcounting of downloaded files. On the other hand, some Internet Service Providers (ISP's) copy all of IRS.gov onto their own systems and then allow their clients to download individual files. As a result, the IRS has no way to track the volume of files downloaded from these ISP sites.
- [3] These data reflect the number of events declared by the Federal Emergency Management Agency (FEMA) as major disaster areas that impacted States and counties/cities for which the IRS granted administrative tax relief. Some States and counties/cities were affected more than once.
- [4] This number reflects only tax preparation activity for taxpayers assisted through Voluntary Income Tax Assistance (VITA) and Tax Counseling for the Elderly (TCE).
- [5] "Understanding Taxes" is a Web-based program, and the number represents "hits" to the Web site to obtain instructional material. Therefore, one instructor "hit" to the Web site could represent a classroom of students.
- [6] Includes the number of Small Business/Self-Employed (SB/SE) taxpayers reached indirectly through direct contact with tax practitioners by Taxpayer Education and Communication (TEC).
- [7] The value of free advertising increased slightly from Fiscal Year 2003. This may be due to adding online advertising to the strategy and because of additional topics publicized. Online advertising accounted for \$705,000 in public service value. This number is added into the print public service value.

^[1] This is the number of Applications for Taxpayer Assistance Orders (Form 911) closed by the Taxpayer Advocate Service (TAS) that meet one of the following seven criteria: taxpayer is suffering or about to suffer a significant hardship; taxpayer is facing an immediate threat of adverse action; taxpayer will incur significant costs if relief is not granted (including fees for professional representation); taxpayer will suffer irreparable injury or long-term adverse impact if relief is not granted; taxpayer has not received a response or resolution to his or her problem or inquiry by the date promised; a system or procedure has failed to operate as intended or failed to resolve the taxpayer's problem or dispute; or taxpayer has experienced a delay of more than 30 calendar days to resolve a tax account problem (a delay is a lapse of more than 30 days from the date of the taxpayer's initial inquiry or from the end of the prescribed/normal processing period, whichever is greater).

Table 24 -- Taxpayer Advocate Service: Post-Filing Taxpayer Assistance Program, by Type of Relief and Issues, Fiscal Year 2004--Continued

Footnotes--Continued

- [2] A Taxpayer Assistance Order (TAO) is issued for cases meeting one of the criteria in footnote 1 and is employed to direct the IRS organizational unit to take a specific action, or to review, expedite consideration, or reconsider a taxpayer's case.
- [3] Less than 0.05 percent
- [4] This is the total number of closed Taxpayer Assistance Orders where the Taxpayer Advocate Service provided full or partial relief under one of the criteria in footnote 1.
- [5] An individual issue is one that requires a change or modification to an account. Individual refers to a single issue applicable to an individual taxpayer, corporation, or other entity.
- [6] A systemic issue requires a change or modification to an established procedure, process, or operation (e.g., computer program). This could include a tax law that, when administered, treats taxpayers differently or unfairly. Systemic issues potentially impact more than one taxpayer.
- [7] Taxpayer Assistance Order (TAO) was issued; an operating division appealed; and the TAO was rescinded by the National Taxpayer Advocate, Commissioner, or Deputy Commissioner. Therefore, no relief was provided to the taxpayer.
- [8] This is an information item only for the number of Congressional inquiries related to constituents' tax account inquiries. Of the 12,759 inquiries, 12,037 were original Congressional inquiries, and the remaining 722 were duplicate Congressional inquiries related to the same issues for the same constituents.

- [1] Includes Forms 1098 (mortgage interest, student loan interest, and tuition payments); the 1099 series (including interest and dividend distributions); 5498 (individual retirement arrangement and medical savings account information); W-2 (wage and tax statements); and W-2G (certain gambling winnings); and Schedules K-1 (partnership, S corporation, and estate or trust distributions). Information from these forms and schedules is matched to that reported on income tax returns. See footnote 3.
- [2] Forms 1099 and W-2 from Social Security Administration.
- [3] Number of letters sent to taxpayers under the Underreporter Program and the Substitute for Return Program. Includes followup letters sent to the same taxpayer.
- [4] IRS uses information returns from third parties to match with what is reported on income tax returns to identify underreporters. The amount assessed includes interest and penalties. Additional tax reflects any changes to the earned income tax credit or to tax withheld.
- [5] Under the nonfiler "substitute for return" program, IRS uses information returns from third parties to identify tax return delinquencies, constructs tax returns for certain nonfilers on the basis of that information, and assesses tax, interest, and penalties on the results (after prepayment credits). Assessments for the nonfiler "substitute for return" program increased in Fiscal Year 2004. This was attributable to an expansion of the automated nonfiler "substitute for return" program.

^{**} Not shown to avoid disclosure of information about specific taxpayers. However, the data are included in the appropriate totals.

^[1] Certain civil penalties have been identified as having been abated due to reasonable cause judgment made by an IRS employee following specific guidelines. Other abatements are made because of a decrease in the underlying tax.

^[2] Includes failure to supply taxpayer identification number, failure to report tip income, and miscellaneous.

^[3] Represents penalties associated with Forms 1120 (corporation income tax return series); 990-C (farmers' cooperatives); and 990-T (tax-exempt organization business income tax).

^[4] Represents penalties associated with Forms 940 (employer's unemployment tax); 941 (employer's employment tax); 942 (household employment tax); 943 (agricultural employment tax); 945 (withheld income tax); 1042 (return of withheld income tax on U.S.-source income of foreign person); and CT-1 (railroad retirement tax).

^[5] Represents penalties associated with Forms 11-C (occupational tax and registration, wagering); 720 (basic excise tax return); 730 (wagering tax); 990 (basic tax-exempt organization return); 990-PF (private foundation); 1041-A (trust accumulation of charitable amounts); 2290 (highway heavy vehicle use tax); 4720 (excise tax, charities) and 5227 (split-interest trusts).

Table 27 -- Civil Penalties Assessed and Abated, by Type of Penalty and Type of Tax, Fiscal Year 2004 -- Continued

Footnotes--Continued

- [6] Represents penalties associated with Forms 706 (estate tax) and 709 (gift tax).
- [7] Represents penalties associated with Forms 1041 (estate and trust income tax); 1065 (partnerships); and individual retirement arrangements (IRA's).
- [8] Represents penalties assessable under the Tax Equity and Fiscal Responsibility Act of 1982 and the Tax Reform Acts of 1984 and 1986. Examples include failure to file Form W-2 (wage and tax statement); failure to file proper information returns (such as the Form 1099 for payers reporting interest or dividend distributions); and the penalty for promoting an "abusive tax shelter."

NOTES: An "abatement" is a reduction of tax assessment and related interest and penalties resulting from excessive tax assessments, penalties, and interest due to IRS error, administrative and collection costs not warranting collection of the amount due, unpaid assessments discharged in bankruptcy, and IRS acceptance of partial payment of unpaid tax assessment in settlement of the balance due. With the exception of estimated income tax, assessments and abatements can apply to any tax year. Therefore, the abatements in Fiscal Year 2004 (columns 3 through 6) may not be altogether comparable to the assessments (columns 1 and 2) because they reflect different tax years. As a result, when the number or amount of abatements is subtracted from the number or amount of assessments in this table, it is possible for the abatements to exceed the assessments. When this occurs, the result is a negative frequency or amount (columns 7 and 8). In addition to the assessments and abatements shown, the law required that interest be charged on late payments. Such interest is not reflected in the data. Net interest in Fiscal Year 2004 totaled \$4.2 billion on individual returns and \$4.3 billion on business returns.

Detail may not add to totals because of rounding.

^[1] Column 1 plus column 2 minus column 3 will not equal column 4 in every instance. The difference is due to internal transfer of cases, which is not reflected in these numbers.

^{[2] &}quot;Tax protected" comprises any action taken by the Internal Revenue Service to prevent the release of funds from the U. S. Treasury in response to taxpayer efforts to recoup all or part of previously assessed and paid tax.

[[]r] - Revised.

[[]p] - Preliminary data.

^[1] Starting with Fiscal Year 1988, gross collections exclude alcohol and tobacco excise taxes and, starting with the second quarter of Fiscal Year 1991, exclude excise taxes on firearms, when responsibility for all these excise taxes was transferred to the Alcohol and Tobacco Tax and Trade Bureau and the Customs Service (on alcohol and tobacco imports). Previously, these taxes were collected by the IRS.

^[2] Starting with Fiscal Year 1975, represents actual IRS operating costs, exclusive of those costs for which reimbursements were received from other Federal agencies and private companies for services performed for these external parties. While operating costs for earlier years may, in some cases, include these costs for reimbursable services, amounts involved were small and, therefore, do not affect the comparability of the data on the historical costs of collecting \$100 (column 3).

^[3] Starting with Fiscal Year 1980, population and tax per capita were based on adjusted data on resident population plus armed forces overseas as of October 1 of each year, published by the U.S. Department of Commerce, Bureau of the Census.

^[4] For Fiscal Years 1972 through 1974, includes average positions for the Economic Stabilization Program. For Fiscal Year 1974, includes average positions for the Federal Energy Program. For Fiscal Year 1972, excludes 3,990 average positions transferred to the Office of the Secretary of the Treasury. In addition, starting with Fiscal Year 1983, data are revised to reflect methodology for computing average positions realized in conformance with U.S. Office of Personnel Management requirements. For these reasons, data for all years are not completely comparable.

^[5] Starting with Fiscal Year 1975, represents average positions actually used to conduct IRS operations. Therefore, excludes positions funded by reimbursements received from other Federal agencies and private companies for services performed for these external parties. In contrast, IRS labor force counts in Table 33, "Internal Revenue Service Labor Force, Compared to National Totals for Civilian and Federal Labor Forces, by Race, National Origin, and Gender," represent the number of employees, including part-time and seasonal workers.

Footnotes--Continued

- [6] Data for Fiscal Year 1976 exclude the transitional period, July-September 1976, covering the changeover to revised fiscal year definition (October-September). See Table 7 for collection data covering this time period.
- [7] The IRS discontinued the distinction between National Office and field offices as a result of reorganization.

NOTES: Data on gross collections and operating costs have been rounded to thousands of dollars for recent years. All amounts are in current dollars.

Some budget activity titles changed slightly from 2003 to reflect titles used in the Internal Revenue Service Fiscal Year 2004 Congressional Justification and the Appendix -- Budget of the United States Government, Fiscal Year 2004.

^[1] Includes permanent full-time, part-time, and seasonal personnel employed throughout Fiscal Year 2004, i.e., October 1, 2003, through September 30, 2004.

^[2] Executive Branch employees as of September 2004, as reported by U.S. Office of Personnel Management. These data include the Internal Revenue Service labor force.

^[3] Data from U.S. Department of Commerce, Bureau of the Census (2000 Census Statistics).

^[4] Census 2000 data shown in Column 4 separate the Asian American/Pacific Islander category into two categories (Asians and Native Hawaiians or other Pacific Islanders). The numbers reflected for IRS's labor force (and Federal civilian labor force) show the combined category. Census 2000 also added the category of two or more races. At the current time, IRS's database (and the Federal civilian labor force database) have not been reconfigured to capture the changes.
